

Sprint 3 Report

Product Name: Hike Review

Team name: Hike Review

Release Name: Version 1

Date: 02/26/2025

Actions to stop doing:

- Procrastination
 - As a team, we should be more timely with our development

Actions to start doing:

- Standardize Testing Workflow
 - Have clear testing goals when reviewing new features

Actions to keep doing:

- Communication
 - Clear and consistent communication
 - Updating the team about the current status of where they are at on their task
 - Continue collaborating and communicating with each other during meetings and online.
- Independent Work
 - The team has been working well independently outside of work sessions and meetings, which has allowed our product to continue growing. We are keeping ourselves accountable.
- Group Work
 - The team is able to stay on task and be productive while working together
- Documentation
 - Start using google drive for documentation organization

Work completed/not completed:
